Commissioner for Patents

Dear Sir:

Enclosed for filing in the above-identified application is a PTO/SB/08 Equivalent listing nine (9) references to be considered by the Examiner. Enclosed are two (2) foreign patent references as listed on the Information Disclosure Statement.

On the PTO/SB/08 Equivalent, Applicants have listed one (1) notice of allowance and two (2) office actions co-pending applications pending at the patent office. Applicants request the Examiner to consider the submitted notice of allowance and office actions in the other applications when determining the patentability of the pending claims of the present application. Applicants understand that the Examiner has access to sophisticated online Patent Office computing systems that provide ready access to, for example, specification and drawing publications, pending claims, and complete file histories, including, for example, cited art, office actions, responses, and notices of allowance. Thus, Applicants have not enclosed a copy of the documents. However, if the Examiner cannot readily access these documents, Applicants would be pleased to provide copies at any time upon request.

This Information Disclosure Statement is being filed before the mailing date of a final action and before the mailing of a Notice of Allowance. This Statement is accompanied by the
